Kartick S Pai
PGDM in Analytics with Marketing Minor - Equipping for Business Analytics

CAREER OBJECTIVE

Aspiring Business Analyst seeking to leverage my experience in data analytics, collaborating with cross-functional teams, and driving successful project outcomes.

PROFESSIONAL EXPERIENCE

Organization: *Yulu, Bangalore*
Designation & Duration: *Operations Associate | 12.5 months*
Summary: Managed the screening department for Bangalore operations. Employed data-driven strategies to inform decision-making through analysis of various database sources. Spearheaded transformative initiatives that enhanced customer satisfaction, *elevating Yulu's rating from 3.9 to 4.3 on 5*.

Organization: *SunCube Industries, Bangalore*
Designation & Duration: *Graduate Engineer Trainee | 3.5 months*
Summary: Proactively addressed technical challenges faced by clients through effective client engagement. Collaborated closely with the Production Manager and machine operators to optimize daily production targets. Managed tool inventory and streamlined material supply by coordinating with vendors.

ACADEMIC PROJECTS

Organization: Yulu
Topic: Yulu app for its employees (Mechanics)
Objective: To facilitate real-time monitoring of spare parts usage by mechanics through an Excel-based App.

Topic: Exploring Maven Movies Database with MySQL
Objective: As Maven Movies rental owner, used MySQL to unearth insights. Navigate the database for customer behaviour, rental patterns, and movie availability.

Topic: Airbnb Dashboard
Outcome: Created an Airbnb rentals dashboard on Tableau. Identified top regions by customer ratings, tracked average prices, and mapped price variations by zip codes.

Organization: Bosch
Topic: Request for problem (RFP) for a Systems Map *(Project in progress)*
Objective: Developed a comprehensive Systems Map for India's 2-wheeler EV market. Contributing to the commercialization of *Bosch's Mobility Innovation Co-Creation Platform*.
