PGDM in Finance with Analytics Minor - Equipping for Capital Markets

CAREER OBJECTIVE

Seeking an entry-level role at a vibrant financial business as a highly motivated PGDM finance professional with a strong focus on capital markets possess a thorough grasp of financial analysis and the capacity to use analytical thinking, planning, and organizing abilities to make significant investment decisions. I'm ready to contribute my knowledge, abilities, and attitude to promote growth and maximize profits in a demanding and cooperative workplace.

ACADEMIC PROJECT(S)

Organization: Liquide Solutions Private Limited

Topic: Request for Problem (RFP) for Automation of Advisory Platform

Objective: Develop a top-notch equity market chatbot leveraging advanced NLP and real-time data integration, providing expert insights for informed investment decisions. *(Project in Progress)*

Topic: Research Incubation Project in Asset Management Industry

Objective: Conducted extensive research on the mutual fund industry, uncovering key asset management companies and analyzing their returns and profits for informed investment analysis.

Topic: Digital Job Sheet Entry using Excel via Open as App

Outcome: The assignment was a challenge for mechanics before the app's initial release, but after it was available, they learned how simple it was to complete the entries without giving false information digitally.

Topic: Analysis of the annual financial statement of Allcargo Logistics Ltd.

Outcome: Successfully prepared and analysed the Financial Annual Statement Report encompassing various critical topics, such as Fair Valuation Methods, Cost of Equity, OCI, Inventory NRV, Basic and Diluted EPS, Revaluation of Assets, Depreciation, and Cash Flow Statement.
