PGDM in Finance with Analytics Minor – Equipping for Banking

CAREER OBJECTIVE

Seeking a job in an organization where I can excel growth and profitability by developing and executing comprehensive category plans and leverage financial data driven insights through analytical skills.

INDUSTRY PROJECT

Organization: EdLightened

Designation & Duration: Financial analyst trainee (1 month)

Summary: Created a financial model of Pidilite using data of 2018-2022; the share price range between 1800 – 2400; the client invested in Edlightened Fund to generate 5% return over 13weeks.

ACADEMIC PROJECT(S)

Organization: Infomerics

Topic: Request for Problem Project (RFP) for Credit Rating Agency

Objective: To develop a new way or incorporating additional factors to measure a company's creditworthiness or developing a new way to incorporate ESG factors into credit ratings. (*Project in process*)

Topic: Research Incubation Project in Banking Industry

Objective: To analyse the financial report of private sector banks focusing on financial ratios and banking strategy and create a report on financial performance of the banks over the time.

Topic: Social Immersion Program

Outcome: Created a report on the dynamics of microfinance in the context of women's empowerment, focusing on the contrasting approaches of private banks and government banks.

Topic: Analysis on reduction of tax burden in FY 2022-23

Outcome: Analysed the income of five people and created a report on the calculations of how much the tax burden can be reduced based on Old Tax Regime.
