CAREER OBJECTIVE

To excel as a Risk Analyst in the fintech industry, leveraging my strong analytical and financial skills. By employing data-driven insights and strategic decision-making, I aim to contribute to the development of comprehensive risk management strategies. Furthermore, I will utilize my expertise in financial analysis to protect assets, optimize performance, and foster sustainable growth in fintech companies.

PROFESSIONAL EXPERIENCE

Organization: Pigeon Education Technology, Bangalore
Designation & Duration: Team Leader (8 months)
Summary: Initiated contact with leads for course acquisition and worked as an Operational Head and managed a sales team of 20 people.

ACADEMIC PROJECT(S)

Organization: Morgan Stanley
Topic: Request for Problem (RFP) Project for EURUSD next day Direction Prediction
Objective: Development of a predictive model to forecast the directional movement (Up or Down) of the EUR/USD currency pair for the next day, utilizing historical Open, Low, High, Close, and adjusted Close prices from 2010 to 2018.

Topic: Research Incubation (RI) Project in FinTech
Objective: Project entailing comprehensive industry analysis of FinTech, and the formulation of proposals aimed at resolving real-world issues. Acquired valuable practical expertise in tackling industry-specific hurdles, thus enhancing opportunities for future career growth.

Organization: Expensify
Topic: Proficiency in Business Tools
Outcome: Application of Excel skills to create an application Openasapp platform which will help students to track their daily spending and can check the balance they want
