CAREER OBJECTIVE

Seeking a challenging position where I can utilize analytical skills, attention to detail, and resource optimization abilities to support informed investment decision-making. Eager to collaborate with industry experts, conduct in-depth market research, and contribute to organizational growth through financial modeling and data analysis.

INDUSTRY PROJECT(S)

Organization: EdLightened

Topic: Financial Modelling

Summary: Prepared a financial model for Titan company using Ratios, common size, assumptions, forecast the financial and conducted the valuations. According to the outcomes we can invest in the company for long run.

ACADEMIC PROJECT(S)

Topic: Request for Problem (RFP) for Gold in Portfolio in the Indian Context: Analyzing Gold as an Asset Class

Objective: This RFP project's objective is to carry out extensive research of gold as an asset class in the Indian context, looking at its historical price patterns and risk-adjusted returns while contrasting it with other asset classes like stock and bonds.

Topic: Research Incubation Project in the NBFC Sector

Objective: The objective of RI is to identify and address challenges faced by NBFCs, with the primary concern to tackle Chola mandalam Finance's limited focus on Micro, Small, and Medium Enterprises (MSME) loans due to the associated risk factors of loan default.

Topic: Article writing on Stock performance

Summary: Conducted comprehensive financial analysis of Adani Enterprises Limited, evaluating key performance ratios and stock trends. Identified challenges during the pandemic and assessed the aftermath of the Hindenburg Report, showcasing the company's potential for recovery and growth.
