ACADEMIC PROJECT(S)			
Financial Accounting and Financial Statement Analysis (FAFSA)			
<ul style="list-style-type: none"> Conducted a comparative analysis using Ratio Analysis and Cash Flow Analysis to evaluate Bajaj Auto Ltd.'s financial performance and trends. Assessed the investment potential to provide stakeholders with actionable insights for decision-making and risk management. 			
Design Thinking			
<ul style="list-style-type: none"> Project on a Quick Service Restaurant company named "Burger King." Solved their problem of chaotic ordering process in their outlets. The project was the creation of an optimal self-ordering machine for kiosk system and designing a user-friendly interface for the kiosks. This system aimed to reduce wait times, improve order accuracy, and enhance the overall customer experience. Additionally, the new system allowed managers to easily track order patterns and streamline operations.
