Financial Statement Analysis, Fundamental Analysis, Financial Modelling, Equity Index Valuation, DCF Valuation, Common Size Statement, Beta Calculations, Portfolio Optimization, Power BI, SQL.			
ACADEMIC PROJECT(S)			
Design Thinking Project			Dec 2023
<ul style="list-style-type: none"> In our Design Thinking project, we revitalized the GrandMart Hypermarket, proposing innovative strategies that help in sales growth. The client embraced our ideas and committed to implementation. This achievement showcases my ability to drive positive change, blending strategic thinking with practical solutions in real-world business scenarios. 			
Index Analysis & Valuation S&P BSE Sensex			March 2024
<ul style="list-style-type: none"> Developed and implemented a financial model to value the SENSEX index, assessing insights into potential performance. Assessed exposure and compared Valuations using scenario analysis with the DCF approach, Identifying risks and opportunities. Analyzed and monitored Index trends based on understanding the current scenario in Indian Financial Markets, developing a comprehensive presentation to communicate the findings. 			
BCG Strategy Consulting Virtual Experience Program			April 2024
<ul style="list-style-type: none"> Performed Market Research to evaluate whether the client could enter a particular business segment. Forecasted the Financial statements of the client by analyzing the industry data provided for the new business segment. Identified the target market segment for the new business and offered insights to develop the product more attractive compared to the competitors. Located the departments that could face concerns while introducing the new product and devised a plan of action to address their concerns. 			
Citi Bank- Investment Banking Virtual Internship			July 2024
<ul style="list-style-type: none"> Prepared a one-pager PPT covering the overview of the target's business model, industry outlook, and key financial metrics. Determined the appropriate comparable companies to benchmark against the target by understanding their business models. Performed comparable analysis using valuation multiples and derived the valuation of a target using relative pricing. Summarized the above findings in a short email for the senior's review. 			
JP Morgan- Investment Banking Virtual Experience Program			
<ul style="list-style-type: none"> Screened M&A target universe received from the offshore team and performed company analysis to evaluate whether a target qualifies as a potential M&A target. Out of the potential M&A targets, shortlisted one target company and composed its business profile. Prepared a DCF valuation basis the assumptions provided to arrive at the target's indicative valuation. Reconstructed the valuation giving effect to the unforeseen events (Fire accident at Target's premises) 			
Investment Risk Profiling			
<ul style="list-style-type: none"> Prepared an investment risk profiling for 6 different people by asking a few questions Categorized them as yellow, red & green light per their risk need, risk ability, and loss tolerance level. Provided an interpretation as per the categorization
